

Quality Policy

Beagle Engineering Ltd provides a quality service for the design, manufacture, repair, refurbishment & installation of industrial gearboxes, machined parts & assemblies for most industries & specialist racing applications marketed under Elite Racing Transmissions Ltd.

The goal of the company is to provide quality workmanship & service that consistently meets or exceeds the level of customer satisfaction required at all times.

This level of quality & consistency is achieved through the administration of a Quality Management System accredited to BSEN ISO9001:2008 & has been designed to focus on improvement & customer requirements.

This Policy is achieved with the commitment of all employees who are individually responsible for the quality of their work & for the continuous improvement of the effectiveness of the Quality Management System

Objectives & Targets are set so that continuous improvement is maintained in line with the spirit of this policy & to ensure that the requirements of the standard are met.
